

St. Astier Natural Hydraulic Limes (NHL)

DECOFOND

Ready mix preparation mortar for fine lime finishes

Backgrounds: most types, including plasterboard and painted surfaces and surfaces of different materials.

Natural colour: light grey.

Consumption: 1.8 kg x m² x mm of thickness

Packing: 20 kg. bags

Shelf life: 6 months in sealed original bag, stored in dry conditions.

Application recommendations.

Water addition: 6 to 7 litres per bag of 20 kg.

On a clean, straight surface, apply a coat of max. 5 mm. When different background materials meet, apply a mesh* over the joint extending 150mm each side.

* Mesh size : 10 x 10 mm.

Coloured fine finishes:

Lime washes: apply when sufficiently dry.

Fresco finishes: apply when still fresh.

Fine finishes: All fine lime mortars finishes are acceptable. Colour Chausable EF for steel float or sponge finishes is also acceptable.

Stucco/marmorino type finishes: when dry, use Decoliss (0-0.04mm stucco type St. Astier mortar, see relevant data sheet). This can be finished to a polish by qualified craftsmen.

The above details are given for general information purposes and do not constitute a specification.
